

## # Perfect Fit Dental Joins Dental Alliance Group

Dental Alliance Group is excited to announce Perfect Fit Dental has joined the DAG Network. This recent acquisition combines the expertise of Perfect Fit's team of highly skilled technicians with DAG's impressive track record of success. Headquartered in Janesville, WI, Perfect Fit Dental is one of Wisconsin's leading cosmetic and restorative dental laboratories, serving dentists and oral surgeons in the Midwest and surrounding communities. Dedicated to the highest standard of quality and esthetics, Perfect Fit's team has extensive knowledge and expertise in superior restorations. Dental Alliance Group is a national dental lab network that works to preserve the qualities of individual laboratories, while future-proofing their businesses. Dental Alliance Group is focused on preserving the legacy of Perfect Fit Dental. This is done through close collaboration, personality preservation, and employee retention. After a thorough review of its team, technology, and track record, DAG has determined that Perfect Fit is an ideal laboratory to join the network. This acquisition will allow Perfect Fit Dental to offer new products, increase operational capacity, and enhance the performance for their customers and patients. Christopher Pendry, Founder of DAG, comments, "This acquisition exemplifies Perfect Fit's commitment to providing the highest quality materials and expertise to the dental industry. Through the combination of the companies' strengths, DAG and Perfect Fit will continue to service their customers with a wide range of innovative dental solutions. Dental Alliance Group is extremely optimistic about this partnership." Overall, the acquisition of Perfect Fit Dental showcases Dental Alliance Group's continuous efforts to preserve the unique qualities of individual laboratories and provide superior restorations and services to clients
